Party Lists & Open Gates

Summer is here and it's time to party!

If you are planning an event of any size, there are two methods for you to get your guests through the gates expeditiously; a Party List or Open Gate.

Depending on the type of event you are planning, there are advantages and disadvantages to both.

1. **Party Lists.** A Party List is when you create a temporary mini-guest list in DwellingLive for a specific event and guests are not added to your regular guest list. Click on the "Add Party" button and put in the event info, date and the first and last name of each guest. When guests arrive at the gate, the GSR will get their name and ID, then log them in. Party Lists are highly recommended for events of 25 or more guests. The Party List also helps prevent uninvited guests from entering.
2. **Open Gates.** When you set up an Open Gate, ANY person who uses your name and address can enter the city to your home during the time frame that you choose. The standard gate entry process of requiring a name & ID is used, and a one-day guest pass is created for each guest. Open Gates can only last 8 hours and expire at midnight. Since an Open Gate will allow anyone to enter, uninvited guests can easily enter using your name and address.

Reminder! Don't forget to put all vendors and deliveries on your guest list and any ride-share if you guests are Ubering home.

Did You Know?

The RH Women's Club has tables & chairs available for rental?

Need tables and/or chairs for your next event? WCCRH offers rentals to Rolling Hills residents at a competitive price. Round tables, rectangle tables and a variety of chairs available.

Residents are responsible for pick-up and returning the chairs and tables to the Women's Club storage next to the RHCA garage.

Please contact Lisa Waldo at 310-872-0472 for all your rental needs.

Parking Reminder

Most roads are very narrow in the community. Please have guests and vendors park on your property whenever possible. When vendors or guests must park along the road, please let them know that they cannot block a traffic lane. They must at a minimum partially pull off of the roadway to leave space for cars, trucks and emergency vehicles to pass safely.
